

# MAGICAL BAND

~ *Navleen Kaur XII-C and Yashdeep Sharma XII-C* ~  
*Reporters, Modern School Life Magazine*

May 6, 2017.

MODERN SENIOR SECONDARY SCHOOL is the only school in the region which can boast of its charismatic and Magical Band. It contains three contingents namely- the Brass Band, the Flute Band and the Bagpiper's band. Our student musicians rehearse and perform the instrumental music together.

We, as the reporters and the students of the school are very fond of listening to the music of this band. Mr. Manoharjit Singh is the instructor who works very hard to teach the students. His

instruments help reasoning, memorization, co-ordination, sense of achievement, emotional development etc. Further listening instrumental music helps students in relaxing and creative thinking. There are approximately 75 students from class 6<sup>th</sup> to 8<sup>th</sup> and 55 students from class 9<sup>th</sup> to 10<sup>th</sup>.

They play many types of tunes like Ektara (Indian), Jolly Good Fellow, Slow March in Rajasthani and Sky Boat song. Freshers were seen playing with Side Drum and Base Drum. The students rehearse very hard every day. Our student

father and grandfather also served as band instructors to this historical band. We interviewed Mr. Manoharjit Singh regarding the functioning and the details of this band. He said that Bugle is the most difficult to play in this band, as it takes two- three years to get perfection. The information we got was really interesting and amazing, as playing musical

musicians welcome the chief guest every year at the Annual function with this magical band. Every day in the morning assembly, the student musicians play band enthusiastically while the dispersal of the students take place.

In addition to this other institutions also invite the band to their respective functions. We, the modernites are proud of this charismatic band.
