Excursions enrich the course of study and give exciting educational experience deeper than the regular school. Such visits increase the charm of retaining what is being taught in the class.

names, their food, number of eggs they lay, which were shown on the sign boards. The teachers asked them to observe their different types of **claws, colours, beaks**, etc.

The students of **MSSSP** went for an excursion to the **Avairy Garden and Baradari Gardens**. Students of grade **IV** and **V** visited the above mentioned places on the 17th and 18th of November, 2022 respectively. All the students were excited for this small trip.

They were instructed to carry a small bag with eatables and a notebook with them. The first stoppage was the Aviary. They saw **Golden Pheasant, White pigeon, Turkey, White doves**, and many more. The students not only saw these birds but they also noted down their scientific

After spending one hour there, they were taken to the next destination i.e. Baradari Gardens where they had fun sharing their eatables and lunch with one another and played games. They saw different kinds of trees and also learnt about the age of the trees. One of them was 100 years old. They saw the **banyan trees prop roots and hollow trunks of the trees**. They collected various kinds of fallen leaves and made their impressions in their notebooks with colours. Overall it was an enjoyable and a memorable trip. We all look forward to such educational and enjoyable trips.
