

# ONLINE SAFETY WORKSHOP FOR STUDENTS

**~ Gurleen Kaur (IX-C) & Tavish Sood (IX-A) ~**

**Reporters, Modern School Life Magazine**

**February 6, 2023**

On 6th February, 2023 students of class 9th were made aware of the internet scams happening these days as everyone uses mobile phone and many of them are on social media apps.

A power point presentation was shown to the students to make the topic even more interesting and to make the children aware of cybercrimes. They were advised not to add any stranger to their social media accounts.

As these days, if we give a bit of information about ourselves or follow links sent by strangers, hackers readily hack our accounts. They can also misuse our personal information and blackmail us on our personal and professional grounds. The presentation was self-explanatory.

Mrs. Jasbir Kaur who was the teacher as well as the resource person answered the queries by the students.
