January 21, 2023

An aesthetic exhibition was organised by the **Punjabi Department of Modern Senior Secondary School Patiala** on 21st January, 2023.

Students of the school displayed unique art works exhibiting their talent and zeal to portray their artistic skills. Owing to the benign presence of MS Alumni Association members, the event was overflowed with fervour and enthusiasm.

The event was well appreciated by everyone for the wonderful display of art work by the students, with a noble message of **saving the environment** and displaying **beautiful facades of nature**. These innovative and immersive exhibits unfolded and showcased the hidden potential of students.

Rightly said, 'An artist changes the society with his/her inexplicable and resplendent exhibits'.
