October 22, 2024

On October 22, 2024, **39 students** and **3 teachers** from **Modern Senior Secondary School, Patiala**, attended **Tech Utsav 2024** at **Thapar Polytechnic College, Patiala**.

secured **first place**, and **Uday Deep Singh**, also from **Grade 10**, took **third place**. Their achievements brought pride to the school and highlighted their dedication to scientific excellence.

The event provided a valuable learning experience as students explored innovative technical projects, with the Mechanical Engineering department's robotic arm, which sorts objects by colour, leaving a lasting impression.

The Modernites also showcased their talents at the Science Fair's **“Test Your Knowledge”** competition, where **Parambaaz Singh** of Grade 10

In addition to competitions, the students explored a range of technical stalls across departments, where they received in-depth explanations from Polytechnic students. This inspiring event sparked their curiosity and enthusiasm for innovation, motivating them to pursue future participation in scientific and technical competitions.
