The students of Grade 10 from **Daffodils School** visited **Modern Senior Secondary School, Patiala**, for an enriching educational experience.

The visit offered them an opportunity to explore a

choices.

We extend our sincere gratitude to the **Principal of Daffodils School, Ms. Pradeep Kaur**, for facilitating this visit and for her continued

new academic environment, engage in meaningful interactions, and gain valuable insights beyond the classroom.

The session also included career-oriented discussions, encouraging students to reflect on future pathways and make informed academic

support in promoting such meaningful learning opportunities.

We look forward to strengthening this association and continuing to create platforms that inspire learning, collaboration, and future readiness among students.
