August 27, 2026

Under the Value Education curriculum, the Primary Wing of **Modern Senior Secondary School, Patiala** organised a **Rakhi Making Activity** on 27 August 2026.

The activity aimed to nurture the values of love, care, respect and togetherness among students. Children enthusiastically created colourful and creative rakhis using simple craft

material.

The activity not only encouraged creativity and fine motor skills but also helped students appreciate the special bond between brothers and sisters.

The joyful participation of the students beautifully conveyed the message that relationships grow stronger through love, respect, sharing and care.
